

FOUNDATION CERTIFICATE OF CARDIOVASCULAR MEDICINE

ONLINE

One in six Australians lives with cardiovascular disease. Meet the high demand for cardiovascular health services and improve your patients' quality of life by upskilling in the effective prevention and management of heart problems. The online Foundation Certificate of Cardiovascular Medicine equips medical practitioners with the knowledge to improve patients' heart health and manage cardiovascular conditions including coronary artery disease, congestive cardiac failure, and atrial fibrillation.

TOPICS COVERED

- Atrial fibrillation
- Congestive cardiac failure
- Coronary artery disease
- Cardiovascular health and weight control in men

COURSE DELIVERY AND REQUIREMENTS

This course consists of four online modules and is for physicians and degree-qualified health professionals. There are no prerequisites.

If you have completed identical modules as part of another HealthCert certificate course, you may request RPL for this course.

FEES

Foundation Certificate **\$1095**

CERTIFICATION

Upon successful completion of each course, you will receive a HealthCert certificate and accredited CPD hours. Please refer to our website for details.
