

# PROFESSIONAL DIPLOMA PROGRAM IN GERIATRIC MEDICINE

ONLINE

REVIEWED BY  
**GRIFFITH UNIVERSITY**  
QUEENSLAND AUSTRALIA  
TO COMPLY WITH RACGP & ACRRM STANDARDS

Recognise clinical health changes in older patients to improve opportunities for prevention and early treatment.

GPs play a key role in delivering high-quality primary care to patients aged 65+. Given their knowledge of the patient, including social context and history, GPs are often ideally placed to focus on prevention and early-stage identification of chronic health problems in older patients which are a common presentation in general practice.

## Professional Certificate
