

PROFESSIONAL DIPLOMA OF AESTHETIC MEDICINE

ONLINE + OPTIONAL WORKSHOP

NO PHARMA SPONSORSHIP

POSTGRADUATE
STUDIES WITH

The latest trends in health and skin care result in an increased demand for aesthetic services and cosmetic treatments – and skilled practitioners. Meeting your patients' aesthetic concerns and helping them to regain their healthy appearance and confidence will build long-term loyalty and add non-Medicare based revenue to your practice. This strictly science-based not company-funded program is quality-assured by Bond University and CPD accredited, and provides training in the evolving field of aesthetic medicine fully online or online with a one-day practical workshop.

The final course in the three-part pathway, the **Professional Diploma of Aesthetic Medicine** is ideal for medical professionals seeking the most advanced clinical knowledge and critical awareness of aesthetic medicine principles and treatment options, with immediate applicability to their day-to-day work. You will build upon the knowledge gained in the Professional and Advanced Certificate levels, with a greater focus on complex cases in aesthetic medicine and the required know-how to set up your own aesthetic medicine clinic. The course features interactive lectures, case discussions, live demonstrations, and optional practical sessions on pork parts and simulated models.

Professional Certificate of
Aesthetic Medicine

Advanced Certificate of
Aesthetic Medicine

Professional Diploma of
Aesthetic Medicine

TOPICS COVERED

- Laser use for pigment melasma
- Resurfacing laser treatments
- Ultrasound treatments

COURSE DELIVERY AND REQUIREMENTS

This course is for physicians, nurse practitioners and degree-qualified nurses who are registered with AHPRA, and assumes no prior knowledge or training in the field. The course is delivered in three parts:

1. **Online lectures:** Start your online studies anytime and complete the eight modules at your convenience.
2. **Live web tutorials:** Reinforce your learning, ask questions and follow along demonstrations of procedures from home.
3. **Optional workshop:** Apply theory in practice and cement your knowledge through guided hands-on workshops in select locations.

PRESENTERS

Dr Jenny Kimmins
Southern Cosmetics Clinic

Dr Dianne King
National Skin Cancer &
Skin Repair Centres

Dr Anthony Rixon
Main Street Medical and Skin Centre

Dr Mirjana Janjic
Melbourne Aesthetics Clinic

THE COURSE INCLUDES

Pre-reading activities, an optional practical workshop with expert demonstrations and practical hands-on activities, interactive live web tutorials and further readings, individual assessment tasks, and two online examinations.

CERTIFICATION

Upon successful completion of the course, you will receive the HealthCert Professional Diploma and accredited CPD hours. Please refer to our website for details.

POSTGRADUATE STUDIES

This course is the final stage of the HealthCert Professional Diploma of Aesthetic Medicine pathway. Upon successful completion of the pathway, graduates can complete a clinical attachment program to increase the safety and accuracy of their work. Professional Diploma graduates can also apply for Recognition of Prior Learning for module 1 of the Postgraduate Diploma of Cosmetic Medicine studied entirely online through Diploma MSc and awarded by the University of South Wales (UK), saving time and fees. Graduates can then apply for credit towards the MSc in Cosmetic Medicine awarded by the University of South Wales.

WORKSHOP DATES AND LOCATIONS

Workshops available throughout the year in Sydney, Melbourne, Brisbane, Perth, and Adelaide. Please refer to our website for details.
